Student name: Kupai Laszlo Levente

#### Teacher's recommendation

Laszlo attended our school's sports department, the aim of which is to help students who are exceptionally talented in sports to more easily combine their studies with their time management and to help athletes with the time management issues caused by sports training, competitions and matches.

I met Laszlo as a teacher in the 2020/2021 academic year. From the beginning, he was an interesting, talented, constantly prepared, diligent, active, and highly knowledgeable student in our geography classes. Based on his interest in the subject of geography and his excellent performance, I am convinced that Laszlo will also be successful in studying abroad, and that the course at the foreign university he has chosen will complement his studies well. In addition, he is also excellent in sports, can handle a lot of stress, is talented, studious, respectful, and speaks English well, so I can support his admission.

Budapest, October 30<sup>th</sup> 2024

Imre Tenyi  
Secondary school teacher of geography and history
