

To Whom It May Concern,

It is with great enthusiasm that I recommend László, who was a valuable member of my basketball team. During the time he played under my guidance, he consistently demonstrated dedication, commitment, and a strong work ethic in every aspect of training and competition.

László showed remarkable discipline, always striving to improve and willingly embracing every challenge presented to him. He was passionate about training and approached practices with focus and determination. Beyond his individual skills, he was an excellent teammate—respectful, supportive, and highly regarded by his peers for his positive attitude and sportsmanship.

One of his greatest strengths on the court was his exceptional three-point shooting ability, which made him a key offensive weapon for our team. His consistency and confidence in high-pressure situations often made a decisive impact on the outcome of games.

I am confident that László will bring the same dedication, discipline, and team-oriented spirit to any future endeavor he chooses to pursue. He would be an asset to any team, program, or organization.

Sincerely,

Alexey Carvalho
